

BB-100 (BlueBox)

AM / FM / Bluetooth / Aux-In
Ultra Rugged Rechargeable Digital Tuning Radio

Color

BLUE

The BlueBox from Sangean is an Ultra Rugged Digital Tuning Radio that is perfect for any jobsite, the beach, the lake, or anywhere you'd like to take it without the need to worry about it getting wet, it's Rain Resistant to JIS4 Standard, it's also dust and shock resistance.

You can connect your favorite streaming device to the BB-100 with its Built-in Bluetooth Technology Version 4.1 Class II Wireless Audio Streaming to bring your device to life with the great sound that the BB-100 offers.

In addition the BB-100 can be powered with 4 rechargeable "C" batteries (not included) that can be charged inside the radio with its built in battery charger. It can also be powered with Alkaline batteries or the supplied power cord.

The BlueBox is also equipped with an aux-input to connect your non Bluetooth device. A rugged rotary tuning and volume control and durable ABS body makes this a great radio at any outside job site.
